

Hello _____,

With Michigan Tech's spring 2021 graduation celebration behind us, it is officially summer here in Houghton. And that means it's time to look forward to welcoming you and the rest of the incoming class to the Michigan Tech family this fall!

To get your college experience started out right, we are assembling a comprehensive, week-long orientation for you before classes start (August 22 - 27). That program will connect you to the many great resources here on campus and give you a chance to get to know your classmates and some of the great faculty, staff, and returning students here at Michigan Tech.

This is just the first of many communications about move-in and orientation that you will receive from us this summer. Over the coming months, be on the lookout for regular physical mail, email, and social media posts at the accounts below. We will also maintain up to date information, including an archive of all major communications, on our [website](#).

In addition to providing you with important information about move-in and orientation, we will keep things fresh with tips and tricks for you to get ready for the fall from Michigan Tech students and staff. The next opportunity to do that is by joining us for our “**Getting Ready for the Fall Semester**” webcast on **May 12 at 6 p.m. Eastern Standard Time**. See the events [page](#) for more information about this and other Student Services events and recordings.

If you have any questions or concerns, please email orientation@mtu.edu or call 906-487-3558. We are here to help!

Sincerely,

The Michigan Tech Orientation Team
