June 17 - 30 and July 8 - 21: Summer Youth Programs (SYP)

Summer Youth Programs is a compilation of over 50 week-long explorations including: ecology, engineering, mathematics and sciences, computers, business, and the arts. Some explorations are scholarship programs which include Junior Women in Engineering (JWIE), Rail and Intermodal Transportation (RIT), Women in Automotive Engineering (WIAE) and more! Participants explore careers, participate in unique hands-on activities, and experience college life. This is the 45th year of Summer Youth Programs.

Jul 15 - July 28 : National Transportation Institute (NSTI)

The National Summer Transportation Institute is a program designed to increase awareness of the transportation industry. Participants explore transportation and interact with role models working in areas such as: bridge design, airport construction, and snowy roads across Antarctica.

July 22 - July 28 : Engineering Scholars Program (ESP) and Women in Computer Science (WICS)

The Engineering Scholars Program provides academically talented young people the opportunity to investigate careers in engineering and science. Each session is lead by an educator, university faculty member, or practicing engineer and includes a laboratory experience or engineering project. WICS is focused on intensely exploring all aspects of computer science, meeting role models from industry, programming, and more.

July 29 - August 4 : Women in Engineering (WIE)

The Women in Engineering Workshop provides academically talented young women the opportunity to investigate careers in engineering and science. Educators, university faculty, and practicing female engineers lead participants in discussions, laboratory experiences, and engineering projects.

Summer Youth Programs

A Typical Day

A day at SYP is usually packed with excitement. Students are expected to set an alarm, get up on time, and eat breakfast before their exploration starts for the day. Once in class, participants will be involved in all kinds of labs, experiments, projects, field trips, and guest speakers. Exact activities vary by exploration, but they're sure to keep things moving. We break for lunch midday, which might mean coming back to Wadsworth Hall or having a picnic during a field trip.

Evening activities with activity counselors cover a huge range of interests - they're constantly changing. Students will have the chance to exercise through activities like visiting the pool, using the weight room, or playing pickup soccer. We get creative: arts and crafts, campus scavenger hunts, and a weekly variety show are popular favorites. If you're into the outdoors, we have hikes and visits to local beaches. Or, if you prefer to just relax, SYP hosts movie nights, trivia nights, bowling, and cards.

As each day winds down, live-in students will regroup with their Residence Counselor in their on-floor groups. On-floor meetings are mandatory: there are always updates, announcements, and general check-ins during those times. Students are required to be in their own room by 11:00 PM - after an eventful day at SYP, a good night's sleep is well-deserved! See the next page for a typical SYP weeklong schedule.

Campus Boundaries

Never leave the campus boundary without a counselor, instructor, or other authorized adult and make sure your name is on the activity sign out sheet. Parents, friends, or relatives who want to take you to or from campus must go to the front desk to sign you in and out.

If you want to leave the boundaries with a relative or friend of the family you must have the relative sign a student release document at the front desk, and sign back in at the front desk upon your return. This rule is in effect as soon as you register. Parents should leave written permission for students to leave with persons other than themselves. Please note that these outings must not conflict with any mandatory activities on the schedule including on floor time.

Cross US 41 only at the designated crosswalk, following the directions of the crossing guard.

Never cross Cliff Drive (the road at the back of the main campus) without a counselor or instructor.

Please use only the main stairwell and do not use the elevators aside from moving luggage during registration and check out. The other stairwells are alarmed.

Absolutely no "horseplay", excessive noise, or inappropriate behavior in the academic buildings on campus.

Summer Youth Program Rules

Apparel Expectations

Summer Youth Programs promotes an environment where all students can express themselves comfortably and have a great summer. We also take great care to ensure that participants are properly dressed for the specific activities of their exploration. Many classes require students to wear long pants and closed-toe shoes to class due to experiments, machinery tours, or other situations requiring safety precautions. Additionally, shoes and shirts are required at all times in the dining hall.

We expect that students are generally neat, clean, and appropriately dressed. No undergarments should be showing at any time. While we do not have a detailed or highly proscriptive dress code, the following clothing items are not permitted at SYP:

- Clothing with profanity or an "R" rating—including illegal acts, substances, and violent and sexual content
- Excessively ripped or torn garments
- Torso-baring tops (including crop tops and cut-off gym t-shirts)
- Short-shorts or mini-skirts
- See-through clothing

Because so many activities and courses have safety requirements, students' clothing may be deemed inappropriate at the discretion of SYP staff.

Check-in/Check-out Procedures

Check-in Procedures

Medicine, Parking, and Valuables Check-In

If you bring any medicine (prescription or over-the-counter), it must be checked in at the front desk. Our front desk staff will keep detailed notes on what medications you take and when - simply come to the desk to get it when needed.

Students who require an emergency epi-pen or inhaler may keep these items.

Students are not allowed to drive while at SYP. If you are a live-in student and drove yourself to camp, you will need to purchase a parking pass from the front desk, park your car behind Wadsworth hall, and turn in your keys. If you are a commuter that will be driving to campus daily, you will also be asked to purchase a parking pass and to turn in your keys and pick them back up at the beginning and end of everyday.

The SYP front desk also has a safe for students who wish to store valuables such as keys, jewelry, or extra spending cash. Students are expected to lock their rooms when they are away; Summer Youth Programs is not responsible for lost or stolen property.

Check-in/Check-out Procedures

If you arrived by car or with your family, you are free to go.

If you need to make a flight out of Houghton County Memorial Airport (CMX), an SYP staff member will drive you and make sure you get checked in at the airport. Make sure you know the plan!

SYP participants are permitted to use the Michigan Tech Guest Wifi network during their stay on campus.

Every participant must follow the Michigan Tech Student Computer Use Policy and any computer policies set by instructors. Doing so will help to preserve the positive learning environment we have created and signify the first steps towards your integration into our program.

The University promotes the use of its computing facilities and seeks to improve computer literacy. All students are encouraged to make use of these computer facilities in pursuit of their educational goals (only). Michigan Tech views the use of computer facilities as a privilege, not a right, and seeks to protect legitimate computer users by imposing sanctions on those who abuse the privilege.

Michigan Tech's computing policy is based on the laws of the state of Michigan and the United States copyright law. Michigan Tech also imposes restrictions that are not covered by either law. The penalties for violating this act are stated as follows:

A person who violates this act, if the violation involves \$100 or less is guilty of a misdemeanor. If the violation involves more than \$100, the person is guilty of a felony. Punishable by imprisonment for not more than ten (10) years, or a fine of not more than \$5,000.00, or both.

Michigan Tech Computer Use Policy

Michigan Tech provides students with a wide range of computers, software, terminals, and a computing system. Obtaining access to this system without proper authorization or any alteration, damage, or destruction to the system or any part of it is a criminal offense. Precautions must be taken with passwords and files to protect data. Unauthorized use of computer time or uses of other people's computer time are illegal activities.

Students charged with a violation of this policy and found guilty can receive a sanction ranging from disciplinary-warning to expulsion. Please refer to Student Rights and Responsibilities in the University Community [in the Michigan Tech Student Handbook, copies available on request] for more information.

If there is a complaint regarding your use of networks or Michigan Tech computers, the system administrator has the right to review trace information, backups, and your account contents to determine your complicity. If you keep command files (that are solely for the purpose of annoying other persons) or blatantly obscene material administrative action will be taken.
