Subject: Flex Lot Change + Summer Parking
Body: Commuter Permit Holder,

This email is to inform you about two important changes this week to commuter parking.

#1 - Flex Lot Change: Due to a large scale event at the Rozsa on Thursday 5/7/2026, Lot 10W will be flexed from Green Commuter to Rozsa Event Parking for tomorrow. Lot 10W will be flexed back to Green Commuter parking on Friday 5/8/2026.

#2 - Summer Parking: After reviewing the usage of parking lots for the first couple of weeks since commencement, it has been determined that we have additional room in Lot 5 to allow Green Commuter permits to park in there during the summer semester. This accommodation will begin tomorrow (5/7/2026) and will be through the validity of your permit (8/15/2026). Please be aware, that if the usage of that parking lot increases to the point where Lot 5 permit holders are turned away from parking, we may have to readdress this decision.

Standard Commuter Parking is available throughout the summer in Lots 24, 26, 29, and 32 as well.

Thank you for your cooperation.
